THE KIMBALL BOOT!
What is There in a Name?
A good name is a capital to a manufacturer, and should not be kept from the public that may wish to know where to find his productions and KNOW *that they are his* when offered for sale.
The Senior Partner has made it a specialty to manufacture Ladies' Fine Boots and Shoes for over FORTY YEARS in Boston, and for THIRTY of that time retailed them from his own counter. VEGETINE
—WILL CURE—
SCROFULA,
Scrofulus Humor.
VEGETINE will eradicate from the system every taint of Scrofula or Scrofulous Humor. It has permanently cured thousands in Boston and vicinity who had been long and painful sufferers.
Cancer, Cancerous Humor.
The marvellous effect of VEGETINE in case of Cancer and Cancerous Humor challenges the most profound attention of the medical faculty, many of whom are prescribing VEGETINE to their patients.
Canker.
VEGETINE has never failed to cure the most inflexible case of Canker.
Mercurial Diseases.
The VEGETINE meets with wonderful success in the cure of this class of diseases.
Pain in the Bones.
In this complaint the VEGETINE is the great remedy, as it removes from the system the producing cause.
Salt Rheum.
Tetter, Salt Rheum, Scald Head, &c., will certainly yield to the great alterative effects of VEGETINE.
Erysipelas.
VEGETINE has never failed to cure the most inveterate case of Erysipelas.
Pimples and Humors of the Face.
Reason should teach us that a blotchy, rough or pimpled skin depends entirely upon an internal cause and no outward application can ever cure the defect. VEGETINE is the great blood purifier.
Tumors, Ulcers or Old Sores
Are caused by an impure state of the blood. Cleanse the blood thoroughly with VEGETINE, and these complaints will disappear.
Catarrh.
For this complaint the only substantial benefit can be obtained through the blood. VEGETINE is the great blood purifier.
Constipation.
VEGETINE does not act as a cathartic to debilitate the bowels, but cleanses all the organs, enabling each to perform the functions devolving upon them.
Piles.
VEGETINE has restored thousands to health who have been long and painful sufferers.
Dyspepsia.
If VEGETINE is taken regularly, according to directions, a certain and speedy cure will follow its use.
Faintness at the Stomach.
VEGETINE is not a stimulating bitters which creates a fictitious appetite, but a gentle tonic, which assists nature to restore the stomach to a healthy action.
Female Weakness.
VEGETINE acts directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs and allays inflammation.
General Debility.
In this complaint the good effects of the VEGETINE are realized immediately after commencing to take it; as debility denotes deficiency of the blood, and VEGETINE acts directly upon the blood.
Vegetine is Sold by All Druggists.

The Democratic Nomination.

The drift of sentiment in the Democratic party in the East and South is unmistakably toward Senator Bayard of Delaware. This is plainly indicated by the change of tone in the New York party journals, and by the outspoken declarations for Mr. Bayard in the Southern papers. In the West on the contrary the drift is toward Governor Hendricks The Ohio Democracy are scarcely in earnest in their advocacy of Governor Allen, no one believes that he has the shadow of a chance for the nomination, and they are well content with the position Hendricks holds on the currency question. He is a good enough soft-money man for them, and he is so cautious in his utterances that the hard-money Democrats of the West can vote for him without an absolute surrender of their self-respect. It is to be remarked in passing that the self-respect of a hard-money Democrat is very easily satisfied. In Illinois there is a movement for Judge Davis, and certain Washington politicians favor him. His chief recommendation seems to be that he has ingratiated himself with the leaders of all the cheap movements, greenback, labor reform, etc., which have sprung up in the West. Still, take the Democratic party as a whole, Senator Bayard is the favorite. Yet he will not be nominated. There are several reasons why he is not available.

To start with he is too honest a man for the Democratic politicians to easily use. Again, he is a representative of the old school, strict construction, State rights, slavery defending Democracy, and could hope to secure none of the independent vote. Then his locality is against him. Delaware has always been classed as a Southern state, and the people are not yet prepared to elect a Southern Democrat to the Presidency. Lastly, he has no control of party machinery outside of his own state, and will have little prospect in a contest with the adroit manipulators who control conventions and who are determined upon selecting a more available man. Those who have a personal preference for him will for these reasons forego that preference and favor, the majority of them, the nomination of Governor Tilden.

Governor Tilden is believed by many Democrats, even those who dislike and distrust him, to be the most available candidate in the party. His attack on the canal ring has given him a certain standing which will attract some of the independent votes. His adroitness and political shrewdness have apparently gained him control of New York, and the electoral vote of that State is believed to be necessary to Democratic success. His record and views will command for him the undivided support of the extremists of the South. His tactical abilities will be useful in organizing victory, and his enormous wealth can be freely drawn upon to swell the corruption fund during the campaign. His hard-money views commend him to the East, and his friends hope that the Western Democrats can be reconciled by the insertion of an ambiguous plank in the platform or by a resort to the cowardly expedient of 1872, the remanding of the question to the Congressional districts.

The contest at present appearances will be between Hendricks and Tilden. The Democrats will either nominate the Indiana man, throw away New York, and attempt to carry the West with the cry of more money, or they will nominate the New York man, make a minor issue of the currency question, and go in to the campaign with their favorite watchwords "economy" and "reform." The contest in the national convention is likely to be a bitter one. The "hards" will argue against the committal of the party to a declaration in favor of national dishonesty, an argument which will have wonderful little effect upon the men of the West. The "softs" will point out the absurdity of the Democratic cry of reform in face of the Democratic selection of Barnum to sit in judgment on the corruption of Belknap, and will with great plausibility insist that the people are not to be deceived by so absurd a pretence. The fight will be "mighty interestin'" for a time, but will result in some sort of a compromise and a grand rush for the control of the federal offices. A further result, let us hope, will be the election of the Republican candidate by a great majority.

THE general impression in political circles is that Mr. Pierrepont was made Minister to England and Don Cameron Secretary of War to improve the chances of Senator Conkling in the Cincinnati Convention. Senator Cameron has been most anxious to get his son into the Cabinet, and prominent Pennsylvania Republicans assert that that gentleman has been ready to turn over the Republican delegation from that state to whatever prominent candidate would promise to make Don a member of his Cabinet. That Senator Conkling is the President's preference for the Republican candidate there can be little doubt, but it is very doubtful if this very remarkable action of the Executive will promote the interests of the New York senator. It may also be proper to remark that prominent Pennsylvanians assert openly that Senator Cameron cannot deliver the goods.

TO-DAY is noticeable for its number of conventions. Nine states choose delegates to national conventions. The Spencer wing of the Alabama Republicans, who are bolters from the regular organization, meet at Montgomery; the California Democrats meet in San Francisco; the Illinois Republicans at Springfield, the Kansas Republicans at Topeka, the Michigan Democrats at Lansing, the Minnesota Republicans at St. Paul, the Missouri Republicans at Jefferson City, the New Hampshire Republicans at Concord, and the Colorado Democrats at Pueblo. To-morrow the Kentucky Democrats meet at Louisville.

THE Portsmouth *Chronicle* says:

Hon. Eugene Hale, member of Congress from Maine, has been credited with being in favor of abolishing the Kittery navy yard, and with having actively supported moves made in that direction in the House committee on appropriations, of which Mr. Hale is a member. We have never credited this story, and are pleased to be able now to state, on unquestionable authority, that Mr. Hale has earnestly opposed any measures looking to the abolition of this yard, and that to his efforts in committee is it in great measure due that the appropriation committee decided to report in favor of its being retained as a full navy yard.

It is matter of surprise that anybody could have credited a report that Mr. Hale had been inimical to a navy yard in his own State. His position on the naval committee and his aptitude for practical and vigorous debate have made him specially influential in naval affairs and there can be no doubt of his efficiency in securing the continuance of the Navy Yard at Kittery against assaults from other quarters.

REFORMER RANDALL played the part of economist with remarkable zeal until it came to the matter of abolishing the Philadelphia navy yard. Then he faltered and urged the retention of that naval station. It is true that Mr. Randall did not mount the high horse, as did Mr. Banks when he appealed for the Charlestown navy yard because it was under the shadow of Bunker Hill. He simply said it was a good thing for Philadelphia to have, just as other Democratic economists declared that large appropriations to clear out obstructions in little rivers used only for fishing boats were wanted by their friends and constituents.

THEY are about ready to shut that centennial safe which is to be closed for a hundred years. A Democratic "reformer" ought to be numbered among the curious products of this curious age enclosed in its vaults. When the fairy burgl

Scotland, who has marked the price on it, $1000. I hope she may get it, but I can't say as the man did when his landlady reminded him that butter cost fifty cents a pound, that I think it is "wuth it."

As regards women's inventions, I observed a patent dish washer, clothes washer, dish drainer, gas smoothing iron, complete darner that the dear domestic ones have invented. In a more extended line, illuminated signs, invented by Catherine S. Brown. By some one else, an improved bed that closes up and is a bureau, strong-box and most other pieces of furniture in one. A valuable invention is a desk, invented by Mrs. Stiles of Philadelphia. It contains three patents. When folded eighteen inches across, extended, 7 (seven) feet. It combines, paper racks, folding and sliding desks, waste paper receptacle, archives, magazine case, book cases, case of drawers, revolving ink stand, bracket for holding paper files. It is suited to the use of clubs, reading rooms, libraries, etc. Isn't that something for the weaker sex to be proud of—such a *varium et mutabile* thing as that.

There is the fancy work done by the Princesses of England, a napkin spun by Victoria and some etchings of hers, after Landseer (a long distance after Landseer, begging pardon to royalty.) The engine which runs the machinery in the women's department is from the Boiler Engine Co. N. Y. It furnishes motive power to a number of weaving looms etc., etc. The amount paid for the use of it is fifty dollars ($50) a month. A woman tends it, makes the fires and all that. It is the sort of work she has been brought up to—always did it, thrives upon it.

I am told the Arab women, in Tunis and thereabouts are the most idle of human beings. They sit upon the ground, their feet under them, they smoke, they dance. That is all. But they had an interest in us it seems, and aroused themselves sufficiently to make, still sitting on the ground, of course, a rug. There it hangs, to be inspected by the busy bodies of our age and country. It is very rich and handsome.

One of the most beautiful and remarkable features is the wood-carving; bedsteads, pianos cabinets, book-cases, side-boards, carved and some articles made even to the hinges by our sister women. These are from the school of design Cincinnati. There is one bedstead of wood carved elaborately and exquisitely, the head-board inlaid with painted panels of convolvulus. The counterpane is of grass-cloth, embroidered by a Miss Johnson, in vines, flowers, flags of our union, dates—all as daintily as the most delicate French work, while the lace that looks almost like Honiton, was made by a young girl, fourteen (14) years of age.

Here is a lovely Chess table top executed in pen and ink; specimens of Sorrento wood-carving; a quantity of decorated china, among it. Some cups designed and decorated by ladies of Lowell, Mass. And then some finger-bowl mats, of white silk. Small and painted in water colors, with blue violets or daisies or a tiny image of Puck or some other such pretty design.

There is a marvel in the shape of a Centennial Medallion, the embroidery of which, on white velvet, took a woman a year to do. It represents most national things, I fancy, that can be depicted. All Wisconsin' Centennial money for the three years went into it. It is sent from Beloit and is to be packed in a beautiful box which contains an account of the doings and the way in which the funds for it were raised, and kept, unopened for another hundred years.

In "Art" there are oils, water-colors, crayon, wood-cuts and all that. A colored photograph of Don Pedro, though small, is so finely done that it has received special mention. In statuary, there is among other things, an Eve, by Blanche Nevin New York. I do not like the design. The figure serves somewhat the purpose of those frames over which ivies grow. That is, a tree is at one side and the tendrils from it creep and wind about the statue in quite thick foliage. It is an exaggeration of the fig leaf. There is a large piece of clay sculpture, representing St. Christopher and the Christ child—by S. M. Freeborne, New York.

I have already extended limits in these hasty notes that give so limited an account and in which so much is omitted.

Dickens spoke shrewdly, did he not, when he said—"rum creetures is women." PIP.

Don Cameron.

Comments of Washington Correspondents

The Washington specials of the Providence Journal contain the following about the last appointments:

Don Cameron is expected to marshal the delegation of his state at Cincinnati, and in view of his cordial commitment to Mr. Conkling, his marked recognition by the President at the present juncture is claimed by Mr. Conkling's friends as a full notice that the President intends to throw the weight of his influence in favor of Mr. Conkling's nomination. Senator Morton's friends are very much provoked at this interpretation of the matter, and they repudiate its correctness in most emphatic terms, and say that it cannot be true, since, as they say, the President promised Senator Morton in the plainest terms, a short time since that he would take no step that would have even the appearance of favoring one candidate at the expense of any other. Mr. Blaine's friends are far from pleased at the claims of the Conkling men as to the real significance of Mr. Cameron's appointment. They see in it, however, the selection as a Cabinet officer of a man of declared hostility to Mr. Blaine's nomination, and a strong advocate of Mr. Conkling, and while they do not believe the President intended that this reflection should be construed as a move in the game for the Presidency, still they do not like the selection of a man hostile to them, even if it was not promoted by anything connected with the action at Cincinnati. The appointment of Mr. Taft as Attorney General will give the greatest satisfaction at the Treasury Department. Mr. Pierrepont has not at any time co-operated cordially with the treasury in the whiskey prosecutions.

The special of the Springfield Union says:

The President astonished the politicians today by nominating Edwards Pierrepont of New York, Minister to England, Judge Taft of Ohio, to be Attorney General, and Don Cameron of Pennsylvania, as Secretary of War. The news was received with profound astonishment, the secret that such changes were in contemplation having been closely kept. The intelligence soon became known throughout the city, and there was much discussion as to what produced the changes. It was asserted freely in the Senate that the nomination of Don Cameron as Secretary of War was brought about by the influence of Senator Conkling, and was made to help the latter's presidential prospects. It has been said for several weeks that Mr. Pierrepont was anxious to succeed Gen. Schenck at London, and the transfer of Mr. Taft to the Department of Justice was made in accordance with his wishes, he preferring that place to the War Office.

INSECURITY OF LIFE IN TEXAS.—The New York Evening Post of the 22d. int. publishes a letter from a correspondent in Austin, Texas, tending to show the inefficiency of Governor (now United States Senator-elect) Coke's Democratic administration, so far as the enforcement of criminal law is concerned. The facts briefly, are that a physician some few miles from Austin was attending a patient whose case was so serious that he requested the family to employ another physician for consultation. This request was refused. The Doctor therefore sat up all night with the patient, but death occurred despite his care. Shortly afterward another physician gave to the family the impression that the death had been the result of this first mentioned practitioner's carelessness. Out of this fact there grew such a state of feeling that the man, who the letter seems to imply is hated by some because of his having served as an assistant surgeon in the Union army, has been warned to leave the vicinity on pain of death. There have been frequent sales of arms, and as the Doctor means to stay where he is the culmination of the affair may be something serious. The Post suppresses all names for prudential reasons.

MATTERS IN MAINE

Murder at Waldoboro.

AN INSANE FATHER KILLS HIS CHILD.

The Murderer at Large.

WALDOBORO, May 23.—One of the most atrocious and heart-rending murders ever committed in this state, was committed today in the northwest part of this town. The circumstances as we glean them are as follows:

Thomas Finn, about 50 years old, having a wife and two children living about six miles from the village, has been partially deranged for over a year. Some time since he attempted suicide by hanging, but after placing the rope about his neck removed it in season to save his life. He has threatened at times to kill his children and eat them for fear of coming to want. Application was made by his wife to the town authorities to take him to the Insane Hospital. Papers were made out to that effect but his relatives thought it better to keep him at home and place a watch over him, which was done. Lately he has appeared better and seemed more rational. Today his youngest child, Maud Finn, four years old, did not attend school owing to the weather. Just after dinner this little child ran out into the woodhouse, leaving her mother in the dining-room. A few moments afterwards Mrs. Finn heard a scream and ran into the woodhouse, where she found the girl on the floor dead. Her throat was cut from ear to ear and her head split wide open with an axe. Mr. Finn was not to be found. Search was immediately instituted for him. At 6 p. m. he had not been found. The last seen of him was by a Mr. Burgess about 2 p. m. crossing the fields towards the river. Mr. Finn told this man as he passed that "he had just killed his little girl with an axe, and now they would string him up."

A coroner's inquest will be held in the morning.

Law Court at Augusta.

AUGUSTA, May 23.—The law term of the Supreme Judicial Court commenced its session in this city today. Chief Justice Appleton is present and Associate Justices Walton, Danforth, Virgin, Peters and Libbey. The leading lawyers of Somerset county were in attendance and immediately entered upon the hearing of causes brought up from that county. The number of law cases in all the counties appears to be less than usual.

Executive Council.

A special meeting of the Governor's Council will be held on the first day of June.

Gone to the Orphan's Home.

GARDINER, May 23,—The five children of Isaac Page, the Chelsea wife murderer, were taken to the Orphans' Home, Bath, today, by Stephen Cobb of Chelsea, their guardian. The eldest child is but ten years of age.

Sudden Death.

ROCKLAND, May 23.—Mr. Manasseh S. Hovey, a well-known elderly citizen, while reading a newspaper in his house this morning suddenly dropped the paper and fell forward, and almost instantly expired. His health has been somewhat enfeebled of late.

NEW YORK.

Dry Goods Sale.

NEW YORK, May 23.—The sale of dry goods today by auction was attended by the largest gathering of buyers ever known on a similar occasion. The large rooms were crowded almost to suffocation with many well known merchants of this city, and representations of leading firms in Philadelphia, Richmond, Baltimore, Washington, Cleveland, Boston, Chicago and other cities, at least 2000 in number.

The first entry was a lot of goods in quantities of five bales. It started at 6 cents and was knocked off at 7 1-4. C. L. Lee & Co., and Greenleaf & Co. taking the first orders. As lots 2, 3, 4, 5 and were offered and sold at prices a trifle in advance the excitement increased, the goods bringing fair prices and the demand being so eager that the auctioneers were repeatedly obliged to run up bids in order to reduce the numbers anxious to be served.

POLITICAL.

Conventions in the Fifth District.

Endorsement of Mr. Blaine.

BELFAST, May 23.—At the convention of the Republicans of the fifth congressional district, residing west of the Penobscot river, to choose one delegate to the National Convention, Seth L. Milliken of Belfast was unanimously elected. Resolutions in favor of Blaine were passed.

CHERRYFIELD, May 23.—At the fifth district convention held here to-day, Samuel W. Talbot, of East Machias, was chosen delegate to the Cincinnati convention, and Hon. Eugene Hale, alternate. The convention was enthusiastic for Blaine, and adopted the following resolution:

New Hampshire Republican Convention.

CONCORD, May 23.—A meeting of the Republican committee was held here tonight to arrange the organization of a State Convention, which is to be held to-morrow, to elect delegates to the Cincinnati Convention. Convention was called to order by D. Hall of Dover, chairman of the State Committee, who made a speech congratulating the party upon the success achieved in the last election and predicting a triumph in the Presidential election.

Hon. E. H. Rollins of Concord spoke at some length advocating the nomination of any man at the national convention who would lead the party to victory. He said he was no Blaine, Bristow or Conkling man, but for any man for victory. He complimented the delegates present and advocated sending a delegation to Cincinnati who would nominate a second Abraham Lincoln. He was followed by Judge Mason, O. C. Moore of Nashua, the latter declaring himself a Bristow man.

N. G. Ordway of Warner spoke at some length and suggested the name of William A. Wheeler as a possible candidate.

A committee appointed to report officers for the convention to-morrow reported for President, Ossian Ray of Lancaster.

The names most prominently mentioned tonight for delegates at large are Ira Colby, Jr., Wm. E. Chandler, Daniel Hall, who are understood to be Blaine men; C. B. Jordan, Judge C. Doe, E. A. Straw, Bristow men.

NEW YORK, May 23.—Don Cameron told a reporter at Harrisburg last evening that he had not yet determined whether to accept or decline the office of Secretary of War. He was not well but expected to be about by the end of the next week, when he could then decide. He was serenaded last evening, and though it was raining a large crowd was present. Judge Pearson responded to the Mayor's speech for Cameron.

WASHINGTON.

The Cattells' Commissions.

WASHINGTON, May 23.—The Committee on Naval Affairs examined Swift of New Bedford, today, in reference to contracts for live oak timber. He said he had paid A. G. Cattell, a commission, for getting him contracts, but could not tell exactly the amount. It was from $30,000 to $50,000.

Minister Orth and the Venezuela Claims.

Minister Orth testified today in the Venezuelan claim affair. His first knowledge of the Venezuelan claims was when the Venezuelan government in 1870 and 1871 protested against their validity, alleging fraud in the commission. The Committee on Foreign Affairs, of which Orth was then member, investigated the charges and reported unanimously in favor of the validity of the awards. Afterwards, when Orth was not a member of Congress, and when he had no idea of again being in Congress, he accepted employment as attorney of Stillwell and Geo. Talmadge to assist them in receiving their per centage paid by the Venezuelan government under protest. In this matter he acted and was paid as attorney for Stillwell and Talmadge. His services were rendered while he was not a member of Congress, and terminated before he took his seat in the subsequent Congress in 1873. That ended his professional connection with the matter, but in July, 1873, he then being a member of Congress elect, he had on behalf of Talmadge corresponded with the State Department on the subject of the payment of an instalment on certificates held by Talmadge. This, however, he had not done in his professional character. He identified the correspondence, a copy of which was in the hands of a committee. The name of Talmadge does not appear in it as the person for whom he was acting, but the name of Thomas.

In response to a query, Orth said there was nothing to attract particular attention in the State Department as to the amount of these claims, as that department had previously paid to Talmadge an instalment in 1871.

Orth sent in today his resignation as Minister, and proceeds to Indiana to attend to the canvass of that state, where he is Republican candidate for Governor.

Mr. Blaine Still Confined to His Bed.

The committee postponed till tomorrow further examination of witnesses on the charges against Mr. Blaine, who is still confined to his bed by sickness.

Secretary Fish's Reply to Lord Derby.

At the Cabinet session today the reply of Secretary Fish to the Derby note was read. It is a document of great length, and thoroughly reiterates the position already taken by this government upon the subject of the Winslow extradition. There was little discussion upon the general principle involved in this matter, and none whatever upon the tenor of the reply of the Secretary of State, it meeting with the unanimous approval of the Cabinet.

The Cape Giradeau Outbreak.

During the session Secretary Bristow presented a telegram addressed to the Commissioner of Internal Revenue Supervisor Meyers, at St. Louis, reciting the difficulties he met in executing the revenue laws and arresting its offenders in Cape Giradeau county, Mo., and asking a military force to assist in doing so. The matter was referred to the Secretary of War, who will instruct the proper military authority at St. Louis to give necessary aid. One company of infantry will be detailed for this service.

The New Cabinet Appointments.

Mr. Cameron is expected to take oath as Secretary of War early next week. Until then the understanding is that the formal acceptances of the newly appointed Cabinet officers will be delayed.

The Black Hills.

The Cabinet considered to some extent the situation of affairs in the Black Hills country. Assurances have been given that an influential band of Sioux are willing to relinquish their demands there and remove to reservations in the Indian Territory.

Report of the District Committee.

The report of the committee on District of Columbia charged with investigating the affairs of the District has been prepared by Chairman Buckner. It specifically charges the commissioners with violation of law in the expenditures of money, and says in relation to the board of audit that favored parties had no difficulty in having claims audited, in some cases in which there was no merit and in others for much more than was due, while other claimants with equal merit or demerit were procrastinated and delayed until some person in communication with the auditing officers turned up to purchase at a heavy discount the claims thus unnecessarily hindered and delayed in their adjustment.

The report gives the names of 32 persons who had improper or erroneous allowances made to them ranging from $2000 to $54,000 and aggregating $320,667. The report says if the intention and meaning of the act of June, 1874, has not been greatly misconceived there can be no doubt the commissioners have added $3,091,046.13 to the debt of the District, not only without the warrant of law, but against their own construction of their powers as shown by their report of December, 1874.

The report is a long one and in conclusion recommends the passage of the accompanying joint resolutions: The Senate concurring therein, that the Attorney General of the United States is hereby directed to cause proceedings at law to be instituted against Wm. Dennison, Jno. H. Ketcham and Seth L. Phelps on their several bonds as commissioners of the District of Columbia for malfeasance and unfaithfulness in the discharge of their duties as said commissioners, and for this purpose he is authorized to appoint such special counsel as he may deem advisable who shall take charge of the conduct and management of said suits; and the resolution provides for the continuation of the investigation by the committee for further report to the next session of Congress.

The Republican members of the committee, Mr. Willard of Michigan, (Liberal), and perhaps some of the Democratic members, will refuse to unite in the above report. While they will admit that claims have been allowed by the board of audit which were improper, they will refuse to endorse the conclusion that the District commissioners should be held accountable for a board which is in no wise amenable to the commissioners and whose powers and duties are as defined as their own. This latter report will attach the responsibility where it properly belongs and censure the board of audit.

Central Pacific Railroad.

C. P. Huntington, Vice President of the Central Pacific Railroad Company, has written a letter to the chairman of the House Committee on Judiciary, in which he says the company recognizes as fully as the committee, the desirability both to the government and the company of an equitable and final settlement of all matters and questions of whatever kind between them, and this, he thinks, can be effected by an amicable arbitration with good results to both parties. If it should be determined by the committee to insist upon the cash payments named by one of the committee the company would prefer to contract, as it is leaving the question at issue to be settled in future on equitable terms.

The contraction in value he says has largely exceeded the calculations of the company and the amount received from sales of lands has not been as large as was expected. The road was built in times of high prices, and although economically constructed cost a very large sum of money, and he raises the question whether the nation, it being the principal beneficiary, should not share in the shrinkage, the saving to the government every year being more than the annual inverest it pays on the bonds of the company. He compares the cost of transportation to the government before and after the opening of the road, and shows that the government is now sending a large part of its freights to the Pacific coast by water and not by rail as was contemplated. He offered to give any information the committee desire in regard to the suggestions of his letter, as the company is anxious to settle this matter so as to avoid continual misunderstanding with regard to the true interpretation of the contract.

The Louisiana Investigation.

The committee investigating Louisiana affairs after an unimportant session to-day adjourned to meet in New Orleans the 27th.

The Jurisdiction Question.

The secret session of the Senate to-day was occupied by Logan, who concluded his argument in opposition to the right of the Senate to try ex-Secretary Belknap. A vote will probably be reached before the close of the session on Thursday next.

Various Matters.

Internal revenue receipts today $295,545; customs $468,848.

An unfounded rumor was circulated that Secretary Bristow had resigned.

Forty-Fourth Congress—First Session.

SENATE.

WASHINGTON, D. C., May 23.

Mr. Conkling, from the Committee on Foreign Relations, reported with amendment the House joint resolution suggesting intercession of the United States to secure the release of E. O. M. Condon. now confined in an English prison. He asked its present consideration.

Mr. Edmunds said he would like to examine it and asked it be laid over until tomorrow. So ordered.

Mr. Sherman submitted the following:

Resolved, That the Secretary of the Treasury be directed to furnish the Senate a detailed estimate of the amount that would be required to execute the House bill amendatory of the laws granting pensions to soldiers and sailors of the war of 1812 and their widows.

Agreed to.

After reports on a number of unimportant bills the Senate at 12.20 resumed the consideration of impeachment with closed doors.

Before reaching any decision the doors were reopened at 5.45 and the Senate adjourned.

HOUSE.

House went into committee of the whole on the naval appropriation bill, the question being on the discontinuance of certain navy yards.

Mr. Piper offered an amendment retaining the navy yards at Brooklyn, Mare Island, Kittery, Charlestown, Pensacola, Norfolk and League Island for general purposes, and the yard at Washington for manufacturing purposes only, and retaining New London as a naval station. He said he was opposed to breaking up the navy yards of the United States, and that if the Democratic party attempted to do so the navy yards would be the Thermopylæ of that party.

Mr. Wait of Connecticut, opposed the discontinuance of the New London navy yard.

Mr. Lewis spoke in support of his amendment, and characterized the navy yard at New London as situated on a narrow river where a first class schooner could not turn around without the most careful management.

Mr. Waite defended New London from the strictures of Mr. Lewis, and said the proposition to re-cede the navy yard at New London was not economy, as the government had already expended over $150,000 in improving that yard.

Mr. Randall offered the following amendment as a substitute for Mr. Lewis' amendment:

For the civil establishment of the several navy yards $85,000, and the Secretary of the Navy is hereby directed to organize a naval board of five commissioned officers in the navy, as soon as practicable, whose duty it shall be to examine fully and determine whether, in their opinion, any of the yards can be dispensed with and abandoned, and if so, to report the best manner of making disposition of the same; and further, to inquire as to the propriety of establishing a naval rendezvous at Tybee Island or at Cockspur Island, in the state of Georgia, and whether any government property at said islands can be made available and are suitable for such purpose, and said board shall, though the Secretary of the Navy, report to Congress at the commencement of the next session the result of their inquiry, and $2000 is herewith appropriated to meet the expenses incurred by said board.

He said he would be sorry to abolish any navy yard on the recommendation of any gentleman who had never seen it. He thought the House should call to its aid scientific men who understood the business.

Mr. Whitthorne suggested that three members of the board should be the three senior officers in the navy.

Mr. Randall said he had no objection. All he wanted was to have good, intelligent men whose experience had made them familiar with the naval affairs of the country. He modified his amendment accordingly.

Mr. Whitthorne defended the proposition of the Naval Committee offered by Mr. Lewis of Alabama, yesterday, and said that it was in the line of retrenchment and reform.

Mr. Danford moved to amend Randall's substitute by allowing a naval station to be established at Tybee Island or Cockspur Island, or any other point on the coast of Georgia or South Carolina. Agreed to.

Mr. Randall's substitute was adopted—97 to 34.

In the further consideration of the bill the attempt to defeat the election of Mr. Banks of Massachusetts by colonizing Charlestown navy yard in the interest of his antagonist, Gooch, was alluded to and Banks took the opportunity of saying that although his district was canvassed against him by Blaine and other administration leaders the Republican candidate instead of having a majority of 6000 on his side was beaten by 6500, and that all the influence brought to bear against him (Banks) had no effect whatever on the honest fellows who were employed in the navy yard.

Mr. Mills quoted a letter from Hanscom, chief of the bureau of construction, asking the commandant at that yard to put on men in the interest of Gooch and Frost and added that so strong was Banks' hold on the affections of the people of Massachusetts that these navy yard employes voted for him to a man.

Mr. Banks—I cannot dispute that. (Laughter.)

The condition of the navy was discussed at length, Hale of Maine and Danford of Ohio maintaining that the navy was in excellent condition, while Whitthorne of Tennessee, (chairman of the naval committee), asserted that it had never been in so shameful and miserable a condition as at present.

Mr. Lewis offered an amendment to reduce the strength of the marine corps and abolish the Marine band. Upon the latter portion of the proposition Mr. Harrison of Illinois delivered an amusing speech, recounting the list of Democratic candidates for the Presidency and refusing to vote against either of them having music from the Marine band at the inauguration.

The amendment was voted down by a very large majority.

Committee rose and reported the bill which was thereupon passed.

House then at 4 o'clock again went into the Committee of the Whole (Springer in the chair) on the Indian appropriation bill, and was addressed by Ward of New York on the distribution of the Geneva award.

Without making any progress on the bill in committee, Mr. Blackburn offered a resolution authorizing the Louisiana investigating committee to act by sub-committee. Adopted.

Mr. Woodburn was appointed on that committee to fill a vacancy caused by the withdrawal of Haskins.

House at 5 o'clock adjourned.

THE CENTENNIAL EXHIBITION

Yesterday's Attendance, etc.

PHILADELPHIA, May 23.—About the usual number of visitors were in attendance at the Centennial exhibition to-day. The weather is very fine. An official count shows that yesterday there were 12,396 paying admissions to the grounds. The Russian department is progressing finely. The Mexican department is nearly ready, as also is the exhibit of the Sandwich Islands.

Winslow's Case.

Winslow was again remanded to-day for eight days longer. It is probable to this his case will be brought before the Court of the Queen's Bench.

The Standard, in an editorial on the questions rising out of the Winslow case, says that on two points it seems perfectly certain that Secretary Fish is right, while on the third, the construction of the act of Parliament of 1870, his view is that which in professional common sense, the words in question appear to bear out. The Standard takes the view that the question whether the Ashburton treaty is excepted from the operation of the act of 1870 or not, should be referred to the courts.

In the Commons this afternoon, Mr. Cross, Secretary of State for the Home Department replying to Sir William Vernon Harcourt's question as to whether the correspondence in the Winslow case between Great Britain and the United States could be submitted before Winslow's final release, said that on application of government Winslow had been again remanded until the 31st inst., negotiations still pending, and it was unusual to communicate state papers until the correspondence was concluded, but under the special circumstances of the case the papers up to present date would be submitted to the House.

The Times on Mr. Pierrepont.

LONDON, May 24.—The Times to-day says the appointment of Mr. Pierrepont to the ambassadorship here is probably intended to satisfy those who demand high personal character to counterbalance by service or political skill as a qualification for office, but it must be admitted that the appointment does not carry so distinct a meaning as it would have done a year ago previous to the Babcock trial, nor is it in other ways so desirable as that of Mr. Dana. The article concludes; "In the Babcock affair there is really nothing more than an error of judgment to be alleged against Mr. Pierrepont. In the negotiations relative to extradition, his legal capacity, moderation and the common sense sagacity for which he obtains general credit, will be useful to the United States, and will not lack appreciation here.

MEXICO.

The Rebellion Assuming Alarming Proportions.

HAVANA, May 23.—The French mail steamer has arrived from Vera Cruz, bringing no Mexican newspapers. Passengers say that for four days before the steamer sailed no railway train and no correspondence of any kind had been received from the capitol, all communication being interrupted. The rebellion seemed to be assuming alarming proportions. It was reported that the President of the Supreme Court had gone to the United States and that President Lerdo was preparing for the sale of his property in case of disasters. These reports appear exaggerated, but the gravity of the situation in the southern portion of the country cannot be doubted.

TURKEY.

Insurgents Increasing their Demands.

RAGUSA, May 23.—The latest intelligence from the insurgent camp indicates that in consequence of the improved position which has resulted from their recent victories, the insurgents cannot be satisfied with the concessions they demanded at the conference with Baron Rodick. They now demand the absolute independence of Herzegovina and Bosnia, and scout the idea of an armistice. They are actively preparing to proclaim a provisional government.

Blaine Club.

The officers and members of "The Blaine Club" and all that are interested in the object of the association are requested to meet at the Augusta House on Friday evening, May 26th, 1876, at 8 o'clock. PER ORDER.

Brief Jottings.

The K. P.'s have a meeting this evening.

The School Committee of Rockland were in town the other day looking for a model school house. They at last accepted the plan drawn by Mr. Kimball for the Centennial.

Portland is not to be illustrated by the Graphic after all, owing to the lack of support from our citizens.

The truckmen are to start an express between here and Biddeford to compete with Milliken's express.

Special revival meetings will be held in the vestry of Casco street church each evening during the present week. All are cordially invited.

Attention is called to the announcement of Bosworth Post G. A. R., to the observation of Memorial Day. In no city has the day been more appropriately observed than in Portland. As usual, the Post is obliged to call for aid, and there is no doubt but that the call will be as cordially responded to as heretofore.

This afternoon the 800th performance of Davy Crockett, by Mr. Mayo, will be given at Music Hall.

Two boys aged seven and ten, respectively, were in cells at the police station last evening, by order of their parents, for truancy. It is a sad state of affairs when a boy seven years of age has to be arrested for truancy.

Maine Homœopathic Medical Society.

The Maine Homœopathic Medical Society began its annual session yesterday morning at the room of the Common Council at City Hall. The following named physicians were present: E. Clark, G. A. Clark, Moses Dodge, R. L. Dodge, Vose, Sylvester, Shackford, Burr and Thompson of Portland; Gallupe of Bangor; Knowles of Searsport; Boynton of Rockland; Bell and Thompson of Augusta; Thompson of Yarmouth; Perkins of Vassalboro; Brien of Bath; Bradford of Skowhegan; Perkins of Bridgton; Lane of Biddeford; Cummings of Newburyport. As the president, Dr. Boynton of Rockland, was absent, Dr. Gallupe of Bangor, occupied the chair. The session was opened by prayer by the Rev. Mr. Gibbs of Portland. In the regular order of business Drs. Burr of Portland and Bell of Augusta were appointed auditors. The treasurer, Dr. Gallupe of Bangor, made his annual report which shows a surplus of about $200 over all liabilities.

Amendments to both the constitution and by-laws were made. After the transaction of all the work of the organization and other preliminary business, the meeting was adjourned until afternoon.

The afternoon session began at 2½ o'clock, the President, Dr. Boynton of Rockland, in the chair.

The committees on chemical medicine, surgery, obstetrics, materia medica and publication made their reports which were accepted. Interesting cases were given by Drs. E. Clark, Moses Dodge, Perkins, Gallupe, Bell, Vose, Knowles, G. H. Clark, R. L. Dodge, Burr, Bean and Thompson. The following were elected members of the society: Drs. Lane of Biddeford, Dillingham of Augusta, Sylvester and Vose of Portland, Piper of Thomaston, Calderwood of Walderboro and Shepherd of Bangor. Drs. Gallupe and Eaton were elected delegates to the meeting of the American Institute of Homœopathy in Philadelphia in June next.

The following officers were elected for the ensuing year: President, Dr. Gallupe; Vice Presidents, Drs. Shackford and Jefferds; Corresponding Secretary, J. B. Bell; Recording Secretary, Dr. Perkins; Treasurer, Dr. Gallupe; Censors, Drs. Moses Dodge, W. E. Payne, H. B. Eaton, S. P. Graves and M. S. Briery.

The next meeting of the society will be at Rockland on the third Wednesday in May, 1877. The meeting has been one of the most successful and interesting ever held by the society.

A vote of thanks was extended to the city of Portland for the use of the room of the common council in City Hall.

ATTEMPT AT SUICIDE.—A young man whose name is not known, took passage on the steamer John Brooks at Boston, Monday night. About midnight he was found in one of the water closets in an insensible condition. On arriving here yesterday morning Dr. Brooks was called, and at once decided that the man had been poisoned. The man revived under his treatment, and stated that he had been to the Centennial but being out of money decided that he had rather die than live. Accordingly he purchased an ounce of hydrate of chloral in Boston, which he took on the steamer. The drug was in a powder and it made him sick, and as he vomited freely his life was probably saved in this way. He was sent to the City Hospital, and it is thought he will recover in a day or two.

RECORD OF MERIT.—At the beginning of the winter term of school in district No. 8, Chebeague Island, the teacher, A. R. Littlefield, promised as an incentive to constant attendance, to have the names of the scholars not absent a day, published in one or more papers. The names of those who were not absent are:—Mayall M. Littlefield, Ivan Bryan, Edgar Seabury, Eben Doughty, Hermon Doughty, Ada S. Hill, Nellie E. Strout, Cora Strout, Alice Strout, and Alice Curit.

DELEGATES AT LARGE.—At a meeting of the delegates chosen by the several ward caucuses to attend the District Convention at Saco on Thursday, held in Lancaster Hall yesterday afternoon, Hon. John B. Brown, Geo. P. Wescott, Wm. W. Latham, Jacob S. Winslow and Geo. Trefethen were chosen delegates at large. The delegates were authorized to fill vacancies.

INSANE.—A man from Scarboro who came to town yesterday to see the party off for California, was taken insane and attracted considerable attention. He insisted on getting on board the train to go to Boston, and was only prevented by several of his friends. He was taken home later in the day.

REAL ESTATE TRANSFERS.—The following are the real estate transfers recorded in this county yesterday:

Falmouth—Lot and buildings from Persis Blethen to John F. Procter.

Portland—Lot and buildings on Vine street from John Proctor to Persis B. Blethen.

Lot on India street from Alvin Jacobs and others to John Sheridan.

THE MUSEUM.—This evening the Adelphians give their entertainment at the Museum. Besides the regular company, Mr. Frank Parker, who is a clever impersonator of female characters, will assist. Secure your seats early and see a good show.

POSTPONEMENT.—The meeting of the Blaine Club at Augusta has been postponed from Thursday to Friday evening of this week. It is reported that a large number of gentlemen will attend the Cincinnati Convention from Maine.

The Fourth.

Since the last meeting of the committee on the celebration it has been decided to have a carriage in the procession with a well, representing "The Old Oaken Bucket." This will probably be in the sixth division of the procession. The procession will be formed in seven divisions, the first on Elm street with right resting on Congress; the second on Chestnut, right resting on Congress; the third on Myrtle, right resting on Congress; the fourth on Pearl, right resting on Congress; fifth on Wilmot, right resting on Congress; sixth on south side of Pearl, right on Congress; seventh on Franklin, right on Congress. DAVY CROCKETT.—Mr. Mayo's admirable study of the backwoodsman commends itself to the delightful attention of all theatre-goers of taste as one of the finest dramatic performances of the day, and those who miss seeing it miss excellent acting. It is seldom that Portland is favored with anything better in the theatrical line, and Music Hall should be packed at every performance of "Davy Crockett."

This afternoon a special matinee will be given for the benefit of ladies and children. The prospect of an afternoon passed in so delightful company as that of "Davy" as interpreted by Mr. Mayo ought to fill the house. This evening the play will be given for the last time, and our advice is to those who have not been, go at once, and to those that have been, go again.

Personal.

Gen. I. Vodges, of the First Artillery, and Gen. Totten, U. S. A., have been inspecting the fortifications in this harbor.

Mr. D. K. Allen, of the Pennsylvania Railroad, was at the Preble yesterday looking after the California party, and also arranging for the travel to the Centennial. The Blaine Club will go to Cincinnati over the Pennsylvania Railroad under an arrangement made with Mr. Allen.

Prof. Versal J. Walker of the class of '49 Colby University, died at St. Anthony, Minn. May 18th. He was Professor of Latin in the University of Minnesota, an able man and successful teacher.

ARREST FOR ROBBERY.—Some few days since two boys giving the names of Frank Sias and Thomas Paddock, and hailing from Vermont, appeared at the farm house of George Purrington in Falmouth and asked for work. Sias was employed while the other was sent to a neighbor's, where he also obtained employment. Monday morning both boys were missing, also about $40 in money belonging to Mr. Purrington. The boys were traced to this city and last evening officer Luther Sterling arrested them, when they confessed stealing the money.

BOUND FOR CALIFORNIA.—The representatives of twenty-two families left for California yesterday. They spend the day today at the Centennial in Philadelphia, whence they will continue their journey over the Pennsylvania Railroad. The party number twenty-five, nineteen of whom are ladies (going out to join their husbands. Three or four are detained by sickness, but will follow in course of a few days. Mr. D. K. Allen of the Pennsylvania Railroad, accompanies them to Philadelphia, and will see them off from there.

THE YACHT CLUB.—A special meeting of the Yacht Club, was held last evening. It was voted to start the yachts for the challenge cups on Friday at ten o'clock. There are two cups offered for the second class yachts this season, one for schooners and one for sloops. This will make four different races on that day. The yachts will start at one o'clock on Saturday for their annual cruise and it is expected they will go as far as Harpswell the first day.

ANNUAL MEETING.—The annual meeting of the Portland Company was held yesterday afternoon and the following board of directors chosen for the ensuing year: E. H. Daveis, J. B. Brown, S. E. Spring, H. N. Jose, H. J Libby, H. M. Payson and Joseph Walker. The board did not organize.

BASE BALL.—Black, the pitcher for the Resolutes, arrived yesterday, and the club began their practice with him last evening. This club play the Lowells on Presumpscot Park Thursday afternoon. It will be a game well worth seeing.

PENSION OFFICE.—Instead of having rooms assigned in the custom house, Gen. Beal, Pension agent, has engaged quarters in Fluent's Block, and will occupy the same next week.

Temperance in Hiram.

To the Editor of the Press:

A delegation from the Denmark Reform Club came down here Sunday, April 23d, and held a meeting. To the surprise and joy of all, many of our young men of intemperate habits, unsolicited, came forward and signed the iron clad pledge. A Reform Club was organized the next Tuesday evening. More than one hundred signed the pledge, and still they come. We have a very efficient club composed mostly of men who have never identified themselves with any temperance organization nor have been considered temperance men. The whole town is alive upon the question. The cider sellers are trembling; in fact some have closed up and like Davy Crockett's coon have come right down. Last Sunday the club, accompanied by nearly a hundred friends, went to West Baldwin and held a meeting. The Methodist church was filled, and it is safe to say that there never was a temperence meeting in that town so enthusiastic and so thoroughly in earnest. The sad stories, the fearful temptations, the firm resolves, the impassioned appeals, the entire reliance upon God for help, impressed the vast audience with the genuineness of the reform and the unmistakable sincerity of the reformers. The interest was at fever heat when it was announced that a drunken man was at the door and wanted to sign the pledge. "Let him come in" was passed, and a reeling, haggard, intoxicated fellow being was led up to the stand, and amid cheers, tears and rejoicings, he placed his signature to the iron clad. It melted the whole assembly to tears. It was an appeal too powerful to be resisted, and men, women and children rushed to the stand and sixty determined citizens of that town wrote their names, *a la* John Hancock. The club will meet there again Tuesday evening, May 23d, to organize a reform club.

The Whig says on Saturday last Commissioner Stillwell and Engineer Atkins made the second survey of the dam with a view to locating a fishway. The commissioners are required to make three surveys—during the heaviest ice, and at the time of the heaviest and lowest water. On the same day 6000 Sebago and 5000 Schoodic salmon were sent to Lincoln in care of Mr. Haines. Tuesday 3000 salmon were sent to a gentleman in Naples, and Friday, the 24th, 100,000 will be sent to the vicinity of the same place. Next Friday 200,000 will be sent to Surry for the purpose of stocking the Penobscot and Mattawamkeag.

A correspondent of the Whig writes the following from Green Point, at the head of Sebec Lake, dated 20th inst.: The first land-locked salmon of the season were taken this forenoon at Ship Pond Stream. The ice left the lake Wednesday, the 17th.

The Democrat says that Tuesday of last week Lewis Elliot was ferrying a Miss De Witt across the Piscataquis at Medford. In the boat was his little boy about five years old. By some means he fell out of the boat. Mr. Elliot leaped overboard, caught him and swam ashore with him. Meanwhile the boat, with Miss De Witt still in it, drifted rapidly down the current. Below a line was stretched across the river for the guidance of the large ferry boat. Miss De Witt grasped this line with both hands and the boat immediately passed out from under her, and left her suspended. To this line she clung with desperation full twenty minutes, a large part of the time the line sagging and immersing her in the water. Meanwhile Mr. Elliot swam with all his energy and safely landed his little boy. He then took the big boat and rescued Miss De Witt.

TO ALL, particularly invalids, spring is a trying season. Indications of sickness should at once be attended to. Fatal diseases may be caused by allowing the bowels to become constipated, and the system to remain in a disordered condition, until the disorder has time to develop itself. An ounce of prevention is worth a pound of cure, is an old and truthful saying. Therefore, we advise all who are troubled with the complaints now very prevalent—headache, indigestion, disordered liver, want of appetite, nausea, or feverish skin, to take, without delay, Schenck's Mandrake Pills. We know of no remedy so harmless and decisive in its action. It at once strikes at the root of the disease and produces a healthy tone to the system. People never need suffer from any disease arising from a disordered condition of the liver if they would take this excellent medicine when they feel the first indications of the malady. Families leaving home for the summer months should take three or four boxes of these pills with them. They have an almost instantaneous effect. They will relieve the patient of headache in one or two hours, and will rapidly cleanse the liver of surrounding bile, and will effectually prevent a bilious attack. They are sold by all druggists.

POETRY.

The Honest Man.

BY GEORGE HEBBERT.

Who is the honest man?
He that doth still and straight pursue,
To God, his neighbor and himself most true;
Whom neither force nor frowning can
Unpin, or wrench from giving all their due.

Whose honesty is not
So loose or easy that a ruffling wind
Can blow away, or glittering look it blind;
Who rides his sure and even trot,
While the world now rides by, now lags behind.

Who, when great trials come,
Nor seeks nor shuns them, but doth calmly stay
Till he the thing and the example weigh;
All being brought into a sum,
What place or person calls for, he doth pay.

Whom none can work or woo
To use in anything a trick or slight;
Far above all things, he abhors deceit;
His words, and works, and fashion, too,
All of a piece, and all are clear and straight.

Who never melts or thaws
At close temptations! When the day is done
His goodness sets not, but in dark can run;
The sun to others writeth laws
And is their virtue; virtue is his sun.

MISCELLANEOUS.

UNIVERSALL RECOMMENDED.

We have just received (October. 1875) a communication from nearly every druggist in New England, and the testimony is universally in favor of SANFORD'S RADICAL CURE FOR CATARRH. We believe there never was a remedy so popular wherever known, and certainly we feel that never was one more deserving of praise. Founded upon correct scientific principles and calculated by the most accomplished physicians to meet the severest forms of Catarrh, the cures made by it have not only been numerous, but so remarkable as to excite public attention and cause the sale to exceed tenfold that of any similar remedy ever before compounded.

While many are anxious to make public their testimony in favor of the RADICAL CURE, others—and among this number may be found many of our most respected citizens—dislike to become publicly identified with so loathsome a disease. Hence, in the following case we are unable to give the name, but are permitted to state the severity and condition of the case before and after using the RADICAL CURE, and also that the gentleman occupies a responsible office in one of our State institutions. We quote:—

"I would not for the world permit my name to be used, although I have no doubt it would be of benefit to many now suffering as I have suffered; but I give you a brief statement of my case:—

"For two years I have taken bromide of potassa and bromide of ammonia every day. I never passed a single night without getting up once or twice to free my throat from the matter that had dropped into it during sleep, and finally I coughed during all this time. Since taking the RADICAL CURE I have taken no potassa or ammonia, have slept soundly every night without uneasiness or distress; not a particle of matter has dropped into my throat during sleep, and every symptom of a cough has left me."

A wonderful result truly, all will say, who know or can realize the extent and severity of this case. The gentleman has had eighteen bottles. This must satisfy the sceptical and there is great merit in the RADICAL CURE. Its mode of preparation is new and original. Ignoring the old practices and remedies, Dr. Sanford selected a new field, and has demonstrated his method to be the only proper and never failing treatment.

The following recommendations are from

DRUGGISTS,

who are competent witnesses to the work it is daily doing.

Sanford's Radical Cure has proved the best remedy for relieving Catarrh. W. M. FELLOWS, Haverhill, Mass

I am selling large quantities of your Sanford's Radical Cure. DR. WENTWORTH, Biddeford, Me.

Santord's Radical Cure is having a good sale. It is just what the people have been wanting. A. M. GERRY, So. Paris, Me.

I have kept Sanford's Radical Cure on hand since its first introduction, and the sale and satisfaction in its use have been unequalled by any other similar preparation within my knowledge. W. H. WILLIS, M. D., Reading, Mass.

I have sold Sanford's Radical Care for a year or more, and it stands the test the best of any similar remedy I have ever sold, WILL H. OWEN, Milo, Me.

We recommend no other cure, and have no trouble in selling it. L. P. EVANS & CO., Garland, Me.

Sanford's Radical Cure has given universal satisfaction to all my customers, and above all other remedies is a success. E. F. CAREY, Haverhill, Mass.

Sanford's Radical Cure sells well, and is very much liked. Mrs. S. P. WING, Sangerville, Me.

SANFORD'S RADICAL CURE

Is a purely vegetable distillation, and is by insufflation taken up into the nasal passages, and also taken internally, thus acting upon the stomach, liver and kidneys. Under its influence the system immediately braces up and the first thorough dose gives evidence that it is a powerful and effective medicine. Give it a single trial.

Each package contains a Treatise on Catarrh and Dr. Santord's improved Inhaling Tube. Price $1.00. For sale by Druggists everywhere. WEEKS & POTTER, BOSTON, General Agents.
